Summary

This is a report of the Mountain Plains Health Consortium (MPHC) education programs in FY 2005 that were attended by and available to the Aberdeen Area – both IHS and tribes. It is also a report of the income and expenditures from the AA IHS Education Fund in FY 2005. This fund is administered by MPHC under the oversight of the Aberdeen Area Education Executive Board (AAEEB). (*Listing of AAEEB members is on page 8*)

The AA IHS, as one of the four partners in MPHC, has access to all education programming for the consortium. This includes workshops, satellite programs, web-based programs, video-stream programs, and the video library.

The AA IHS Education Fund is used for the direct cost of AA IHS education. More specifically, it is used primarily for workshop education, but may, with the approval of the AAEEB, be used for other education activity. The Fund is composed of non-recurring Medicaid funds from each of the 16 Aberdeen Area IHS hospitals and health centers, and non-recurring Alcohol funds from the IHS Regional Youth Treatment Center. (*Listing of the AA facilities contributing to the fund is on page 9*) The Fund was established in FY 98 through the recommendation of the AAEEB and approval of the Clinical and Service Unit Directors (CASUD), currently the AA Leadership Council. The annual allocations totaled \$42,000 for five years — from 1998 through 2002. In FY 03, the AAEEB recommended, and CASUD approved, increasing the allocations. Contributions from the hospitals increased from \$3,000 to \$5,000 and from the health centers/treatment center from \$2,000 to \$3,000, bringing the total Fund to \$67,000 annually.

Effective in FY 03, the AAEEB placed a cap on the amounts to be spent for two categories of on-demand & on-site programs, specifically life support classes, such as ACLS, PALS, 12 Lead ECG, etc., and computer classes, such as MS Office packages, Windows, Internet Basics, and Web Page. These classes are provided on an as-needed basis at local sites. In FY 05 the caps were \$16,000 for each category.

MPHC Workshops & EMS Basic Education Attended by AA IHS/Tribes

Below is a list of workshops and EMS basic education (EMT Basic and Paramedic courses) provided by MPHC in FY 2005 that were attended by AA IHS and tribal staff.

In FY 2005 MPHC provided

**122 workshops/basic education programs that had
710 AA IHS/Tribal attendees.**

The education listed below was funded by multiple sources – some funded by a single source and some funded cooperatively by two or more of the sources. The funding sources included:

- AA IHS Education Fund
- Health Education Development System, Inc.
- IHS CHR (Headquarters)
- IHS EMS (Headquarters)
- IHS EMS-Children (through IHS Headquarters and HRSA)
- Rosebud CHR program
- VA Black Hills Health Care System
- VA Medical Center, Sioux Falls

Programs are listed alphabetically by title.

① All web-based programs include a certificate upon successfully passing a quiz.

② The number of video stream programs in 05 is estimated because the number is constantly changing. New programs are added weekly.

③ Videotapes are available for members to borrow for up to 3 weeks at a time.

Financial Report - FY 2005 Aberdeen Area IHS Education Fund

The financial report includes the list of education programs supported by the AA IHS Education Fund and also indicates the programs that were supported cooperatively by the Education Fund and the VA Black Hills, VA Sioux Falls and/or Health Education Development System, Inc. (HEDS).

Expenses are reported by education programs, which are listed alphabetically. The two columns on the right show expenditures in the two categories that have capped funds, per the AAEEB: life support and computer classes.

The balance reported will support education programs in FY 06. The Education Fund, from its inception, has been allocated near the end of the FY and expended in the following year.
